

Once And For All

*Now once and for all the power of sin has been broken
Once guilty we stood under the wrath of God and condemnation
But through the son we're reconciled to God – restored communion
Now there's eternal life, everlasting joy, the hope of glory*

I'm not ashamed to proclaim good news
This power of God held out to all has been revealed
Righteousness from God that comes through faith
So we can live

Do you know what it is to have peace?
Do you know this joy?
Have you tasted of these things?
If you turn away from your sin
Put your faith in Him
You can have
Peace with God forevermore
